## **Welch Road Traffic Shifts to Outboard Welch July 1, 2013**

### ***Welch Road Will Return to Two-Lane, Two-Way Traffic Permanently Mid-July***

The Welch Road Utility Project, which includes new and upgraded utilities, the widening of Welch Road, and other improvements to support the future new hospital facilities, is scheduled to complete construction four months earlier than originally scheduled. In order to accommodate final construction, one-way traffic on Welch Road will shift to the outboard lane on Monday, July 1, 2013. This shift will remain in effect until Welch **Road opens to two-lane, two-way traffic in mid-July.**

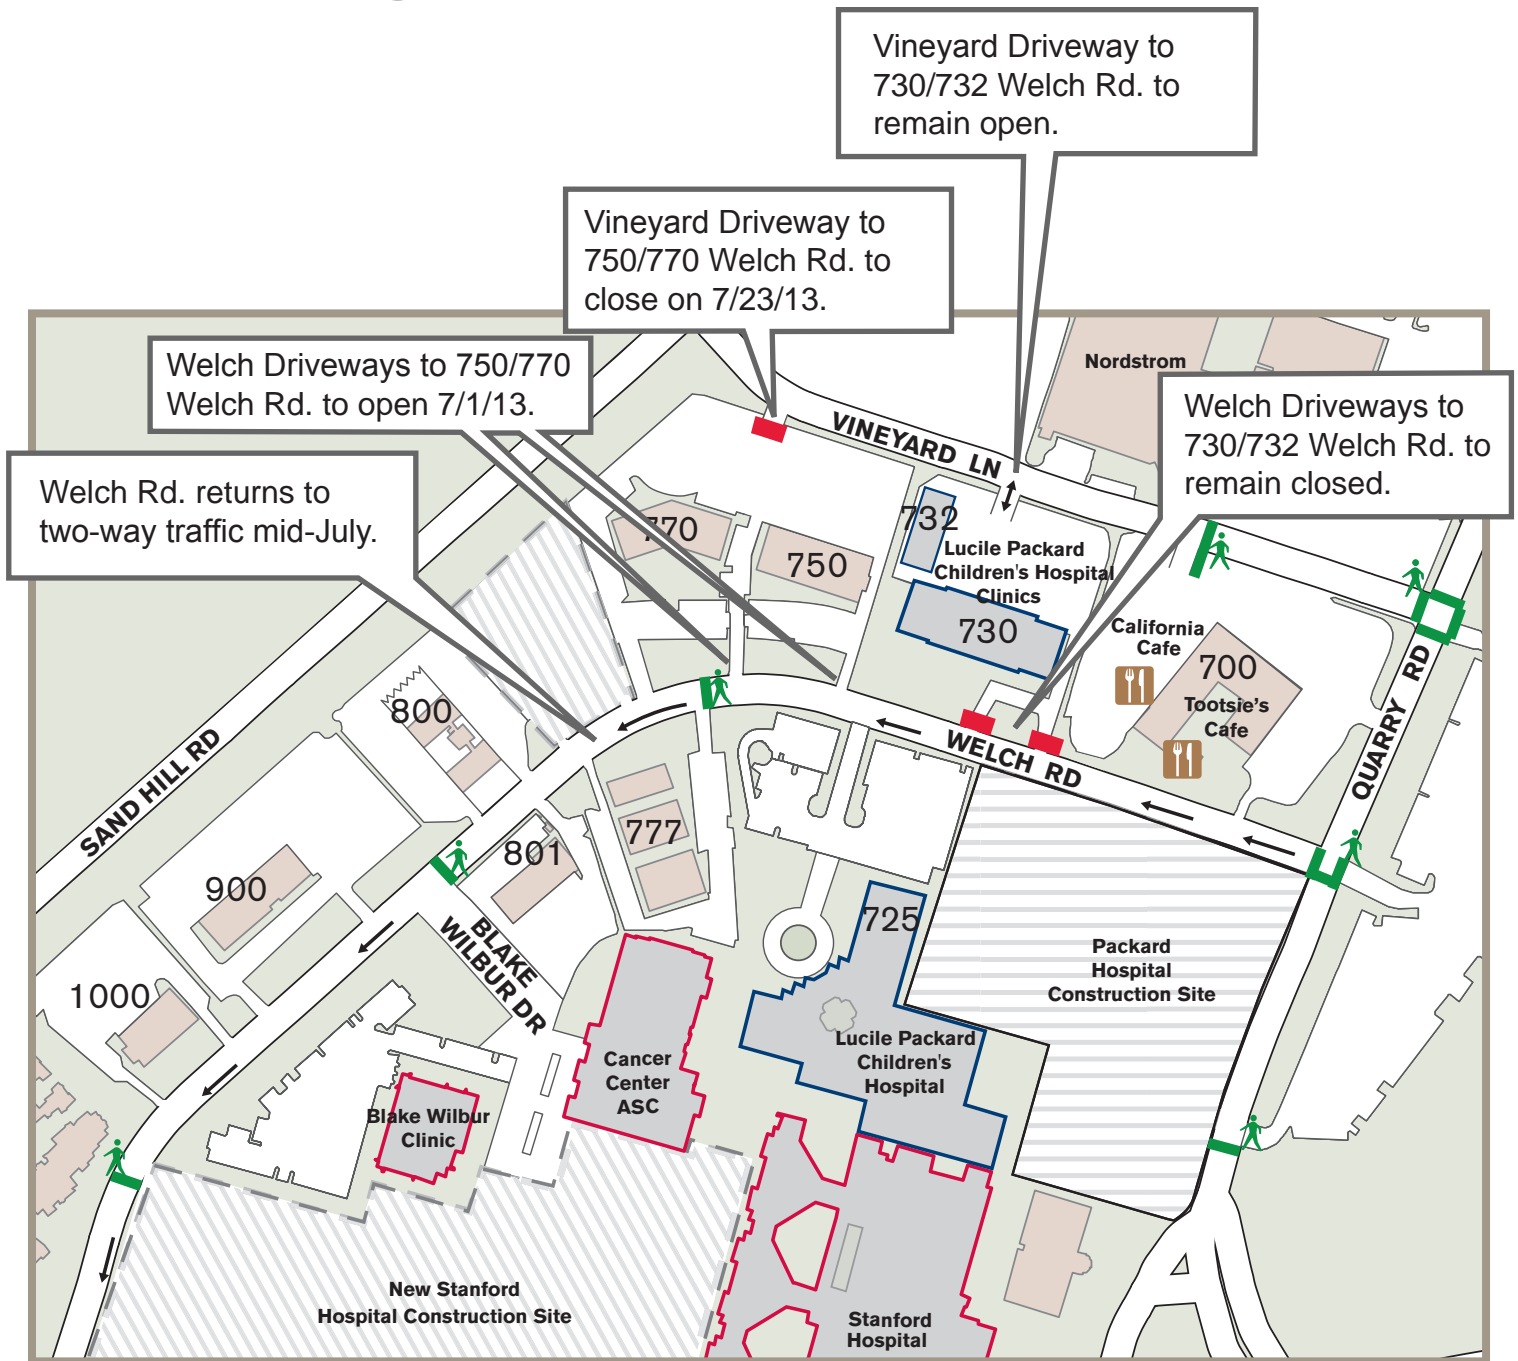

Traffic changes include:

- **One-way traffic on Welch Road will shift to the outboard lane on Monday, July 1, 2013** in order to accommodate final construction of the inboard side of Welch Road. During this time ALL vehicle and pedestrian access will be on outboard Welch Road. Inboard Welch Road will be closed to through traffic.
- **The Welch Road driveways to 750 and 770 Welch Road will open Monday, July 1, 2013. The temporary driveway from Vineyard Lane into these properties will permanently close effective Tuesday, July 23, 2013.**
- **The Welch Road driveways to 730 and 732 Welch Road (Packard Clinics and Outpatient MRI Center) will remain closed indefinitely. The Vineyard Lane driveway into these properties will remain open.**
- **Welch Road will permanently open to two-lane, two-way traffic in mid-July.**

Please consult the map on the reverse side for more information on access routes to the properties located on Welch Road during this time. Thank you for your support and patience during the completion of the Welch Road Utility Project.
