

STANFORD UNIVERSITY MEDICAL CENTER

project:renewal

Welch Road Re-Opens to Two-Way Traffic on July 22nd

The Welch Road Utility Project, which includes utility construction work, the widening of Welch Road and other improvements in order to support the future new hospital facilities, will be successfully completed four months earlier than originally scheduled. Welch Road will return to two-way traffic beginning Monday, July 22, 2013.

Traffic changes include:

- Welch Road will re-open to two-way traffic on Monday, July 22nd.
- The Welch Road driveways to 750/770 Welch are now open. The Vineyard Lane driveway to these properties will permanently close on July 23, 2013.
- Access to 730 and 732 Welch Road (Packard Clinics and Outpatient MRI Center) will remain via Vineyard Lane. The Welch Road driveways to these properties will remain closed.

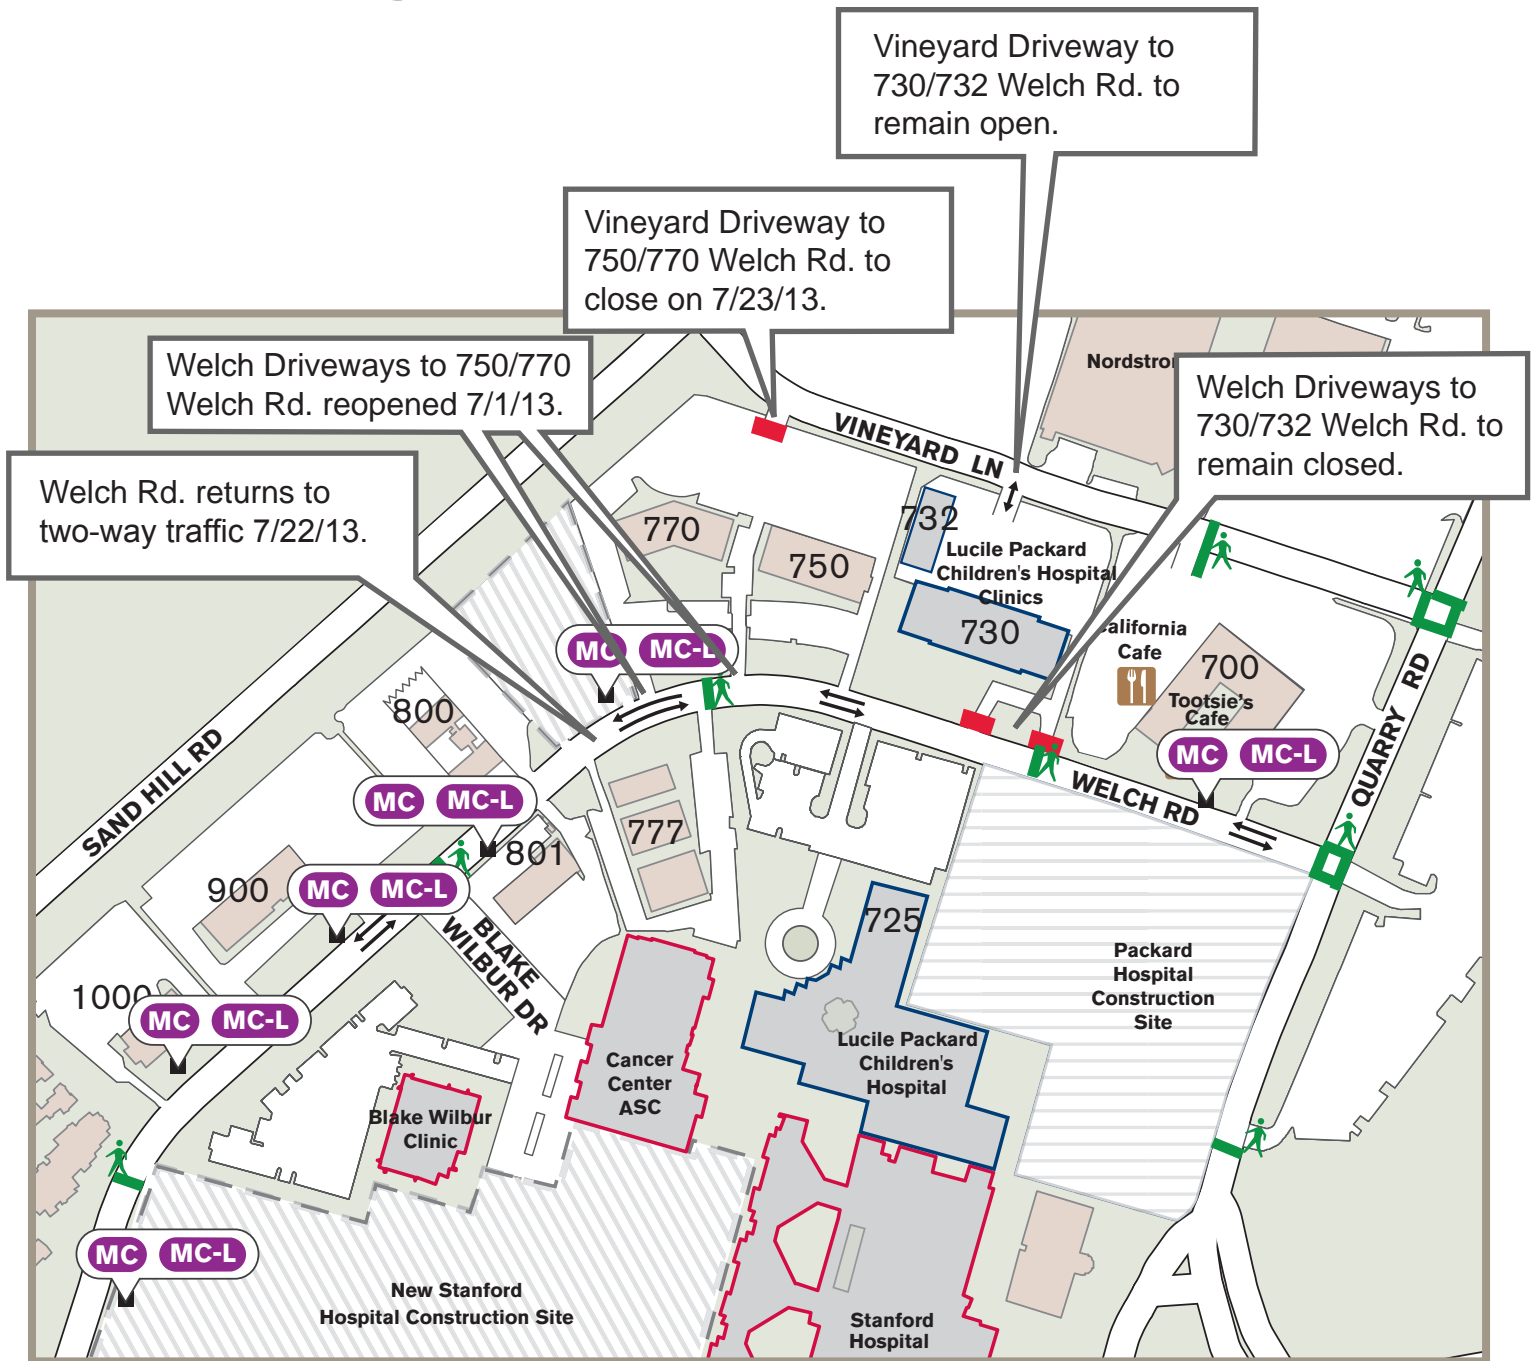

Please consult the map on the reverse side of the flyer for more information on access routes to the properties located on Welch Road.

Thank you for your support and patience during the completion of the Welch Road Utility Project.
